

# Pink Mash™

Heaven for the hindgut

## Perfect for:

- All horses and ponies from those in rest to competition / racehorses
- Horses prone to digestive upset and horses that struggle to maintain and build condition
- Those with laminitis and barefoot

## Key Points:

- Help digestive upset and support exceptional hind gut health
- Extremely palatable
- Virtually No Sugar, very low in Starch
- Protexin® probiotics to increase beneficial microflora
- Prebiotics to target and remove unwanted bacteria
- Feed with any diet – no vitamins and minerals to cause imbalance
- Soaks in 5-10 minutes
- Can be used for partial hay/forage replacement and to restore hydration
- Gastric Health Support
- Laminitis Safe
- Ulcer Friendly
- Contains beetroot for antioxidants and muscle function
- Contains micronised linseed for omega 3 balance

*"It's new, it's different and it's a very good product."*  
**Sir Mark Todd**

## Pink Mash™

has been scientifically formulated to support the hind gut health of all horses and ponies. This delicious quick soak mash provides a significant source of highly digestible super fibre combined with the goodness of beetroot and linseed. World renowned probiotics from Protexin® and prebiotics are added to support and stabilise the microbial balance in the hind gut, allowing for more effective fibre fermentation, better feed conversion and general horse health.

### Ingredients

Soya hull super fibre, Dried Beetroot, Micronised Linseed, Protexin® Probiotics and Prebiotics.

### Analysis

Energy De (MJ/kg)	9 Mj/kg%
Protein	12%
Oils	3.5%
