Prebiotics

Energy Rating 0.5

## Product Summary

**Keyflow Golden Oldies®** provides premium, comprehensive nutritional care for horses and ponies aged 15 years and above. Golden Oldies® is a veteran balancer mash, a brand new concept in equine nutrition – being highly concentrated but also a mash which allows the mature horse or pony to ingest the product easily and naturally, even when dentition is poor. The product is low in sugar and starch and contains long chain Omega 3 DHA to support joint mobility, muscle suppleness, all round health and vitality. Our unique EQ Complete Protein™ is included to combat muscle wastage which is a common occurrence in the ageing equine. Golden Oldies® is gluten free and contains Protexin® probiotics as well as the highest grade of MOS prebiotics, to ensure optimum hindgut health and feed utilisation. One bag of Golden Oldies® will last a horse an average of one month.

### Ingredients

Steam extruded soyabean meal, cold pressed rapeseed meal, soya hull fibre, Key-Plus™ (steam extruded rice bran extract), unmolassed beet pulp, pea protein amino acid extract, micronised linseed, cold pressed rapeseed oil, vitamins and chelated minerals, turmeric, agal source DHA omega 3, Protexin® probiotic and prebiotics.

### Analysis

Energy De (MJ/kg)	13 MJ/kg
Protein	30%
Oils	9%
Fibre	11%
Sugar	2%
Starch	7%
Ash	8%

### Daily Feeding Guide

100g per 100kg of Bodyweight

Feed together with roughage (hay, chaff, chop, other forage or pasture). Where roughage is fed it should be offered at between 1 to 2% of body-weight daily. Introduce Golden Oldies into the diet gradually over a minimum of 7 days – any dietary changes should be made gradually.

### How to Feed Golden Oldies®...

1. Add 1 part Golden Oldies® with 1 - 2 parts warm or cold water (don't use boiling water as it may damage the live probiotics).
2. Allow to soak for 15 minutes - you will visibly see the mash expand and absorb the majority of the water.
3. Your Golden Oldies is now ready!

Fresh clean water must be made available at all times. Daily feeding quantities above are a guide only.
